## A Carpenter Murdered.

RICH HILL, Mo., Feb. 10.—Marion Ralph, a carpenter, was run over by the Missouri Pacific switch engine last evening near the city. It is believed that Ralph had been murdered and placed on the track, as his body was stiff and cold when found by the crew directly after the wheels had passed over him.

## Killed by an Attorney.

SEDAHIA, Mo., Feb. 10.—William Parmelee, an attorney of this city, shot and instantly killed J. W. Condon, a Missouri Pacific brakeman, yesterday. The trouble between the men grew out of the garnishment of Condon by Parmelee as attorney for one of Condon's creditors.

## Resulted in a Strike.

CHICAGO, Feb. 10.—The litigation growing out of the attempt of certain creditors to secure the removal of Adolph Hegewisch, receiver of the United States Rolling Stock Company

has resulted in a strike by the large number of men employed by the company. Some time ago William Lone was appointed receiver in New York, and has since been in possession of the New York office, where all the money is. He refuses to pay out any of it, and the men, whose pay is three weeks in arrears, have refused to work.

## FUNERAL OF GEN. McCLELLAND.

Pennsylvania's Adjutant General Buried with Military and Civil Honors.

PITTSBURGH, Pa., Feb. 10.—The funeral of Adjutant General William McClelland took place from the Third Presbyterian Church, this city, to-day. The services at the church were of a particularly impressive nature. Long before the time set for the opening of the last sad rites at 11 o'clock, the church was crowded to the doors. Just before the cortege entered Governor Pattison and his staff came in and took their seats beside the relatives in the front pews and directly beside the coffin.

The services were opened by the choir, which rendered "Jesus, Lover of My Soul." Rev. Dr. Cowan, pastor of the church, spoke from the text, "I am the resurrection and the life."

The other clergymen officiating were Rev. Dr. M. B. Biddle, of Allegheny, and Rev. Dr. Stewart, of Harrisburg. At the conclusion of the religious services the body of the adjutant general, as it lay in state, was viewed by thousands, and even at 1:30 o'clock, when the doors of the church were closed there were yet hundreds of people in line who desired admission.

Palmer and Congressman Wm. M. Springer.

## MOUNDSVILLE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

The county court has been in session for two days past hearing appeals from the report of the assessors appointed to revalue the real estate of the county. The valuations have been very warm. The valuation was most at variance in the vicinity of Moundsville and at Glendale. At these points a vast difference was made between farms of exactly the same quality of soil and which lay adjoining each other. The court heard much evidence regarding the matter and also arguments of counsel in the various causes and then made a trip to inspect personally some of the lands under consideration. One thing is certain, the court is doing everything in its power to arrive at a just and proper arrangement of the matters in dispute. There is no doubt but that gross inequalities exist.

The Newport club is making arrangements to close the season with a grand hop on Friday evening, February 26. On that occasion the opera house will be used instead of the club rooms in order to accommodate the large number of guests that will be invited. Music for the occasion will be furnished by the Wheeling Opera House Orchestra and an elegant supper will be served at the Mound City hotel. The series of parties given by the club has been the most pleasant ever given here, and its members will be sorry when it closes.

The People's Building and Investment Company has completed an elegant cottage on Center street. It is well finished and will make an elegant home.

Miss Lizzie Hogan, of the Philadelphia hospital for the treatment of nervous diseases, is visiting her parents in the First ward.

Thomas Fleming will probably erect a new business building on Lafayette avenue. He has some splendid lots in that locality.

J. Glenn Cook, of the Mining and Manufacturing company, will go to Pittsburgh to-day in the interest of the company.

The Newport club gave another pleasant party last night at its rooms in the Masonic building.

J. B. Hicks was in town yesterday, the first time since his second attack of rheumatism.

Senator Worley was here yesterday, and left for Pittsburgh.

By a very ingenious and original process, Dr. J. C. Ayer & Co., of Lowell, Mass., are enabled to extract the essential properties of the materials used in the preparation of their famous "Ayer's Sarsaparilla," thus securing a purity and strength that can be obtained in no other way.

## BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

The city board of education appointed D. W. Cooper, Charles Henry, Jr., and L. S. Woodbridge to consummate the deal for the Sullivan property on Rose hill at \$3,300, and elected Enos Jones janitor of the Central building, to succeed Samuel Oldham, and Mrs. Shannon Archer, of the second ward building, to succeed Miller Hemphill. They also passed bills amounting to \$2,212.10, and placed on file the application of Miss Myrtle Clements for a place as teacher.

The purchase of the Sullivan property, on Rose hill, by the school board at \$3,300 is creating a good deal of ugly talk around town, not because they seek to put a school house in that part of the city for the accommodation of the residents of the hillside, but because of the advanced price paid for the property, when all kinds of property here have been decreasing instead of increasing. Then, some fault is found with the location, but these things always go with public deals.

A huge portion of the Gravel hill bank, just north of the Bellaire rail works, rolled down upon the C. & P. railroad track Tuesday night, and an incoming freight train miraculously escaped being thrown into the river at the narrow passage way at that point. Fortunately it was running slow at the time, and beyond mashing the front end of the engine and causing a delay of three or four hours no damage was done.

Howard Heatherington met with a serious accident at Heatherington's coal works, south of town, yesterday evening, in which his head and face were frightfully cut, and his shoulder dislocated. He was walking along the top of one of the chutes when his foot slipped, and losing his balance he fell headlong into the coal below, a distance of twenty feet or more. Eleven stitches were required in his forehead and face.

For several years a number of Bellaire people have talked about starting a public library, but the matter never succeeded because not enough substantial aid could be secured in advance. A bill is now pending in the legislature which provides that towns of this size may do such things.

It is now said that the Baltimore & Ohio yards here will be partially abandoned in the spring, and the bulk of yard business done in the new plant on the Benwood side of the river. If this results in the opening of Belmont street to lower town Bellaire will feel compensated for it.

Hon. Lorenzo Danford and Gen. A. J. Warner were in consultation here yesterday afternoon settling up some legal matters pertaining to the running of the railroad down along the river.

Messrs. Orlando P. Mason and John W. Hawkins have purchased the tin and stove store of J. M. Satterfield & Co., and will take charge of the business the first of next month.

The Merchants' team and Liberty hose company will celebrate the 22d by giving an oyster supper in City hall, to which all the city officers have been invited. Others pay 25 cents.

County Commissioners Hart, Mechem and Bailey and Auditor Joe Henderson went to Pittsburgh yesterday to examine into the matter of lighting the court house by electricity.

O. H. Young was excused from duty on the grand jury and Fred Roderick from the petit jury by Judge Driggs yesterday. E. C. Morris and W. F. Litten are serving.

County Treasurer Frank B. Archer was in town yesterday visiting his mother and his sister, Mrs. Scott Heatherington, who is quite sick.

Some of the recent employees of Roderick Bros. have secured employment at Moundsville, and others at Bridgeport and Martin's Ferry.

The Every Other Week Club meets this evening at the residence of Mr. J. B. Hart.

## A GOOD SHOW.

We are always advising you to advertise, and to keep on advertising, but that does not cover the ground entirely. Of course, you should make your advertising effective—if an electric light be available, you should not use a "tallow dip" to light the path to your store.

What do we mean by that? Simply that the more conspicuous, the more artistic, the more attractive, the more original you make your advertisements, the more people will see and read them, and the more customers you will have to contribute to your cash-drawer.

Study effects in bold pretty type—good matter may be spoiled by ugly dressing. Seek to catch the eye by a display of good taste in the style and arrangement of your announcement.

Above all, let it be bold enough to be easily read. Don't vex a reader by vexing his or her eyes!

## HOW TO GET THEM.

If you want new customers, ask for them.

There are hundreds of people living within a mile of your store that don't know there is such a place, and they'll continue to be ignorant on the subject unless you take steps to inform them. Some of us are too apt to think that "everybody knows us."

Now, that line of thought is a mighty bad one for business men. If they permit themselves to be deceived by it, they are pretty sure to "get left."

Seek publicity. Keep your name and your store's location constantly before the people. Use the newspapers—there's nothing like it.
